🌐 Portfolio Website

Education

- **Namal University Mianwali** **Sep 2024 – Jun 2028**
Bachelor of Science in Computer Science *Mianwali, Punjab, Pakistan*
- **Punjab Daanish School Chishtian** **2022 – 2024**
Intermediate *Bahawalnagar, Punjab, Pakistan*

Experience

- **Freelance Web Developer** **2024 – Present**
Self-Employed (Fiverr)
 - Developed responsive client websites using HTML, CSS, Tailwind CSS, JavaScript, and Wix.
 - Designed and customized user interfaces for portfolio and small business websites with mobile-friendly layouts.
 - Managed freelance projects independently, including client communication, revisions, and deployment preparation.
 - Improved frontend structure and usability by applying responsive web design principles.
- **Online Sales and Client Communication** **2023 – 2024**
Self-Employed (Facebook Marketplace)
 - Managed online product listings, customer communication, and pricing negotiations through Facebook Marketplace.
 - Handled order coordination and developed practical communication and client management skills.

Projects

- **Ping Pong Game** **Jan 2026**
C++, SFML
 - Built a 2D desktop-based Ping Pong game in C++ using SFML with AI single-player and multiplayer modes.
 - Implemented collision detection, score tracking, keyboard controls, and physics-based ball movement.
 - Applied object-oriented programming concepts to organize gameplay logic and improve maintainability.
- **Spice Table Web Application** **Nov 2025**
HTML, CSS, JavaScript, MongoDB
 - Developed a responsive web application for spice menu and selection management.
 - Integrated MongoDB database for storing and retrieving dynamic user and menu data.
 - Designed interactive frontend components using JavaScript and responsive CSS layouts.

- **Electric Buses Location Tracker App**
Software Engineering, Figma, UML

2025

- Designed UI prototypes and system workflows for a public transport tracking application.
- Performed requirement analysis and created SRS documentation, UML diagrams, and workflow models.
- Collaborated in a software engineering team environment during project planning and documentation phases.

Technical Skills

- **Languages:** C++, JavaScript, SQL
- **Frontend:** HTML, CSS, Tailwind CSS, Responsive Web Design
- **Database:** MongoDB
- **Tools:** Git, GitHub, VS Code, Figma
- **Concepts:** Object-Oriented Programming (OOP), UI Prototyping, Software Documentation

Leadership / Extracurricular

- Participated in university-level technical activities and collaborative computer science learning sessions.
- Worked effectively in team-based academic discussions and software engineering projects.
- Demonstrated communication, teamwork, and problem-solving skills through extracurricular participation.
